LOYAL GUARD JACKETS

It is always a great pleasure for MR. ED and MR. GEORGE to award Loyal Guard Jackets with five year patches to those boys who have spent five summers at Susquehannock. This year, to date, we have a group of 17 who will be receiving their jackets at the close of their camp session. There are others who will be eligible as soon as their application arrives. Hearty congratulations on reaching their fifth year to:

TOM BARFOOT	RICH QUINN
JOSH BYRNE	STEVE ROZEN
DAVID CHAPNICK	ANDY THALHEIMER
CHRIS COWLES	CHRIS TIMBERLAKE
GEOFF LEE	RICH TUITE
JEFF LOEW	PETER WOLF
PAGE MURRAY	
ROB PINHEIRO	
SCOTT PINHEIRO	

Campers who bring other boys to camp are also eligible to receive a Loyal Guard Jacket. The following boys are responsible for a new Susquehannock camper:

RICH ABIZAID	ERIC GOLDBERG
GUS ALVAREZ	DREW ROTHERMEL
STEVE HUBBARD	VJ LEWIS
MIKE BOYD	ROBERTO SERRANO
MIKE DOSIK	

If you would like to earn a camp jacket by bringing a friend to camp, send the information to MR. ED and he will follow up. In the meantime, keep telling your friends what a great place Susquehannock is to spend the summer! If they and their parents are not

interested for the 1980 season but are considering Susquehannock for another year, please pass the word that MR. ED and MR. GEORGE extend to them a very cordial invitation to visit camp during the season.

- - - - -

It is always interesting to MR. ED to see who will be the first campers enrolled for the camp season. Fourteen applications came in very close together so we are listing all 14 boys in the order in which their applications arrived.

HEDRICK, DAVID & DANIEL BELIN
RANDY MCCORMICK
MIKE ALLEN
RICHARD PETERS
WILLIAM MCCARTHY
PETER INGRAHM
ROB MACK
BEN ODELL
DREW ROTHERMEL
JOSH LAMB
PETER GELLERT
TERRY BENTLEY

- - - - -

It is always a pleasure to welcome back campers who have missed one or more camp seasons. This year it is our pleasure to welcome the following boys back to Susquehannock:

MARK BOTNICK
DAVID GARDNER
MATT HASTINGS
PAUL TACORONTE

We are very sad to report that MR. DEE TITMAN, who was so much a part of Susquehannock for so many years, suffered a stroke during this past winter and is now living in the River Mede Manor Nursing Home in Binghamton. MR. TITMAN was very active in recruiting campers for Susquehannock for many years and there are many campers at Susquehannock who originally came to the camp through his efforts. You will see his name on this newsletter as the first editor. MRS. TITMAN continues to help in bringing campers to Susquehannock as does their son, MR. JOHN TITMAN who acts as a Camp Representative in New York City. MRS. TITMAN will continue to occupy the TITMAN cottage next to the STEENS and MR. and MRS. JOHN TITMAN and MR. and MRS. DEE TITMAN's daughter, MRS. EDWARD ELLIS and families will visit the cottage during the summer whenever possible.

SCOTT and CHRIS ALTMANN have both enjoyed skiing at Greek Peak. SCOTT has also enjoyed hockey at Recreation Park in Binghamton where the campers play in a tennis tournament in the summer. He is also a bowler and recently had a score of 163! THE ALTMANNs had a trip to Boston over the Easter vacation and will make a trip to Arizona before they come to camp.

Heartiest congratulations to ROB KENT on being selected for Williams College on Early Decision! ROB's father TOM also attended Williams and during his college years served as one of Susquehannock's chief tennis counselors.

We are happy to report that all is going well for GEORGE KELLY at the University of Pittsburgh at Johnstown. Because he has had difficulty with his knee injuries, he is not running track but instead is playing racquetball. He is chairperson for the Security Committee in the Student Faculty Senate and is taking a joint major in accounting and financing.

After graduating from Kent School in June of 1979, KEENE MILLER went to England to study at Lancing College. He played soccer last fall and tried out for rugby. This spring he is playing cricket.

Congratulations to TOM BARFOOT who played on the undefeated JV soccer team at Council Rock High School. TOM was promoted to the varsity toward the end of the season and thus got some valuable experience. He is an avid skier and has been skiing at Spring Mountain, Big Boulder and Shawnee. He was fortunate enough to have a week of skiing at Mt. Snow in Vermont.

GARTH MYERS is to be congratulated on being accepted by Davidson College. He is still waiting to hear from Princeton and Bowdoin. Good luck, GARTH - we hope you get your first choice! GARTH has a role in Wyoming Seminary's spring production, "Thieve's Carnival." He enjoyed two weeks of skiing in Montana with his brother and now that spring is here is running for the track team.

Lucky BRAD DRAZEN! He went to New York City to see the NIT semi-finals between Illinois and Minnesota and Nevada-Las Vegas and Virginia. BRAD has had a busy year in sports, quarterbacking his football team last fall, league basketball this winter and now league baseball.

We thought you might be interested in knowing who some of our veteran campers are. Spending his 9th year at camp will be DAVE YOUNG. RICK BOTNICK and DAN GILBERT will be spending their 8th season at Susquehannock. PARKER GOODSON and MARK HEMBREE have been at camp 7 years and the following will be spending their 6th year:

ERIC BLOOM PETER HOLMES
WENDELL CHESTNUT TIM PERCEVECZ
ROBERT COPELAND GARY WILLETTS

In 1980 we will have 16-5th year campers and 22-4th year campers.

ED. NOTE: NED SMITH will also be a 6th year camper. Sorry, NED.

This year Susquehannock will have three sets of three brothers:

THOMAS, DAVID & HEDRICK BELIN
CHRIS, COLIN & CHIP KAISER
DARREN, JEFF & STEVE LOEW

In addition to his karate, MARK BOTNICK played soccer last fall in the Vestal youth league and during the winter played basketball.

Congratulations to PETER ELLIS who is now attending Valley Forge Military Academy on a band scholarship. PETER and his trombone have been busy playing with the band at many events in the Harrisburg and Philadelphia areas. In spite of all the time spent in band activities, PETER is doing very well in his schoolwork. He's hoping to be back at Susquehannock this summer and we hope so too!

Busy is the word for RICK TUIITE! In the fall he played soccer in the 11 & 12 year old league in his town. His team was in the playoffs but unfortunately they lost 2-1 in the 14th round of a shootout. From soccer, RICK went directly to basketball, playing in the Biddy Basketball League which plays in local tournaments and the NJ tournament. Hats off to RICK who was selected to the All Star Team. He's now in the midst of Little League Baseball. In case you think RICK is interested only in sports, he is now in his seventh year of piano lessons and a lot of us know how well he can play.

Congratulations to JOE TUIITE who played in an indoor soccer tournament in New York State and scored seven goals! His team finished second with a record of 4-1-1. He played basketball in the Biddy League for 9 and 10 year olds and was captain of the team. He, like brother RICK, was selected for the All Star Team. JOE is going to play Little League Baseball. Last year he was the youngest player on his team. We're looking forward to seeing both RICK and JOE at camp this summer!

Many thanks to ROB HOPKINS for his nice letter concerning his activities and those of his brother MAX. ROB is on the Nether-Providence Swim Team and finished first in four of four swimming races. Good going! There was a fire in his school recently and that must have caused a great deal of excitement. ROB is assistant stage manager for a play and is doing a science project on the universe. MAX has been keeping himself busy with Cub Scouts and soccer.

Congratulations to JOHN DEPUY who has passed his basic tests and is now a cadet at Valley Forge Military Academy in Wayne, PA. He played basketball this winter and is now playing baseball for the team there.

Hats off to ROBERTO MANJARREZ and AMADO MESTA for being selected to the volleyball team which represented their school in a tournament. Although the team lost, they both had a great time at the tournament.

When ROBERTO wrote the letter, he was in the midst of his school's singles volleyball tournament. He had won three games and if he could win three more, he would be in the finals. We hope you made it!

Imagine having tickets to the Super Bowl game and not being able to use them! That's what happened to ROBERTO and his father. ROBERTO is a Miami Dolphins fan and his father has promised to take him to New Orleans next year when he is sure the Dolphins will make it to the Super Bowl.

ROBERTO has found a young lady just as nice as the girls from Oneka - really even nicer because she speaks Spanish!

After TIMMY and TOMMY MOYER left camp last summer, they spent the rest of their vacation in Martha's Vineyard. On a fishing trip, they happened to meet JOSH LAMB. This winter, they were skiing near their home at Spring Mountain (Pa) and whom should they meet but ANTOINE SMALL. We're glad to know that TIMMY and TOMMY will be back at camp this summer.

We were very sorry to learn that HOB BOAZMAN suffered a very serious fracture of his left leg on November 24. The earliest possible removal of his cast was mid-February. We hope that he is now out of the cast and back to normal activity.

GEOFF MILLER is looking forward to a trip to Mexico and is anxious for spring soccer league to start.

When TOM INGLESBY and his parents went to Avalon on the Jersey Shore last summer who should be their next door neighbors but ROCKET DEFIBAUGH and his parents. TOM played soccer in the fall and basketball this winter. TOM ran into TIM GODFREY when both boys were applying to attend Delbarton School.

TIM KENT is enjoying his freshman year at Hamilton College and is playing squash.

This year TERRY BENTLEY has been a busy young man! He is attending a new school where he has a lot of homework! He is in the Boy Scouts and was a member of a soccer team called the Fire Fighters. During Christmas vacation, TERRY and his grandmother took a cruise. They went to Christobal in the Canal Zone and visited a number of islands, including Haiti, and Jamaica. TERRY wrote that the steward was very nice to him and his grandmother. We'll be seeing TERRY at camp this summer.

MARK HENDERSON is another of our busy campers! In the fall he played both running back and linebacker on his football team. During the winter months, he went ice skating at least twice a week and did a lot of skiing. In February, he moved to Chesterbrook and now is looking forward to the baseball season. He saw PHIL HIESTAND.

BILL SOUTHWORTH is Assistant Director of Admissions at Holderness School. He must be very busy since he also serves as a Master in charge of a dormitory and is coaching both the JV and Varsity basketball teams. One of his admissions calls was at Rumsey Hall School where he saw JIM MCDANIEL.

During his Christmas vacation from Kenyon College in Ohio, NELSON ROE returned to his home in Winter Haven, FL. While there, he went over to Gulfstream, Florida to visit TERRY BENTLEY. NELSON made the following comments: "I can't tell you how much I appreciate all of the years I have had at Susquehannock. I wouldn't trade my summers there for anything."

We are pleased to announce that our medical staff for the coming camp season will be DR. WYLIE HEMBREE for the month of July and DR. BILL BARRY for the month of August. This will be DR. HEMBREE's seventh season at Susquehannock. This will be DR. BARRY's eighth season. NURSE BINGHAM's hospital schedule and position will not permit her to return this year but MRS. MARIANNE KUO, nurse at Penn Charter, will return as our camp nurse. We all remember MRS. KUO and her very nice family from the 1978 camp season.

A statement that holds true for the majority of Susquehannock campers is that they are busy people. SCOTT BJORNSON is no exception. He enjoyed his horseback riding at Susquehannock and is taking more lessons at a local riding academy. SCOTT played quarterback for the local (Bridge-water, NJ) Pop Warner team which finished the season as the #1 champions. CHUCK LOWE was also on the team. Congratulations to you both!

SCOTT went directly from football to basketball. He played for both his church team and for Adamsville Junior High. CHUCK LOWE was again his teammate. In his "free" time, SCOTT plays racquetball and skied whenever the opportunity presented itself. He skied weekly with the Olympic Ski Club in Bridgewater and had a week's skiing in Quebec and another week's skiing in Colorado. With all of these activities, he still maintains good grades in school and makes the Honor Roll. We're proud of you SCOTT!

Hats off to BOB MICHELE who was elected to the Friar Senior Honor Society at Penn. He has also been elected President of Delta Psi Fraternity, otherwise known as St. Anthony Hall. BOB reports that he got off to a slow start with the Penn swimming team but ended up by doing his best times in the 100 yard free style and the 200 yard butterfly. BOB will graduate from Penn in 1981 with a double major in classical studies and natural sciences.

When the KULPS returned from their trip across the US last summer, one of their cats was missing. Reluctantly they returned to Chester Springs minus one cat. We are happy to report that the cat showed up in October and MRS. KULP drove up to camp so the cat has rejoined the family.

MR. KULP is enjoying his retirement from the school board. He was his usual busy self coaching the Episcopal Academy varsity swim team. Both PENNY and JULIE are busy girls. PENNY is in her second year of ballet and was in a production of "Sleeping Beauty." JULIE is in her second year of piano lessons and continues to take gymnastics.

We were sorry to learn that MR. BUFF WEIGAND spent his spring vacation from Penn Charter in the hospital having an operation for repair of a double hernia. We wish him a speedy recovery so that he can be out on the baseball field. He joins a select group which includes ALLAN SHAFER and GLENN PARTRIDGE.

MR. WEIGAND reports that he did a lot of officiating in the fall. When he did the game between Chestnut Hill Academy and Germantown Academy, WENDELL CHESTNUT was the sweeper back for CHA, the winning team.

BUFF also writes that they had a "mini" camp reunion at the Penn-Princeton soccer game. In addition to seeing DAVE WEIGAND play for the Penn varsity, they saw the Kuos (BRENDA KUO goes to Penn), POLLY SHAFER and PETER KELLOGG.

When DAVE HARTZELL played with the Dartmouth varsity soccer team against Penn, he guarded none other than DAVE WEIGAND.

How many of you saw pictures of the BIG SNOW which hit Springfield, Missouri this winter? NURSE BINGHAM was in the midst of this and the National Guard took nurses and doctors to their hospitals by jeep and helicopter. NURSE JANE says she'll take a "brown winter" any time after the twenty plus inches of snow which fell on Springfield!

Congratulations to JULIE ANN and ROD FORTTRAN on the arrival of their second son, BRETT ANGELO. ROD IS an Associate Economist with the New York State Department of Labor. They have bought a house in Voorheesville, NY. BRYCE, BRETT, JULIE ANN and ROD will be down to camp to visit us all this summer.

JIM HAGER is enjoying his freshman year at Trinity College. He played soccer in the fall and was trying out for the lacrosse team. Last fall, he and BOB FUNNELL returned to Kent School to play for the Kent Alumni soccer team against the varsity. MR. "P" coached the alumni and according to JIM, "thoroughly beat" the varsity coached by KEVIN HUNDLEY.

BUNACAMP NOTES: We were very pleased to get the following report from STEPHEN PAYNE in England. "On the staff notice board in the school where I am teaching is a BUNACAMP leaflet." (Ed. note: BUNACAMP stands for British United North American Club. This is the organization that has brought all of the English counselors to Susquehannock - DEREK HEATH for 3 years, ANDREW SUMMERS for 2 years, STEPHEN PAYNE and DAVID COOPER last summer plus many others for each of the last ten years.) "On the front cover is a picture and if you look closer (and have the experience), you will notice that the shot is of the swimming area/docks and diving boards with a Sunfish in the background at Tripp Lake, Camp Susquehannock! The picture is not titled so only a select few will know the location. There is a person on the diving board and a counselor walking on the dock. These two appear to be Alec Sharp and Rob Rahal respectively."

We at Susquehannock are very honored that BUNACAMP should use this picture. Since it was not taken by anyone at the camp, it presumably was taken by JOHN BALL, the Englishman who founded BUNACAMP and who visited us last summer with his family.

Mark May 24, 1980 on your calendar. CHARLIE SLAGLE IS BEING MARRIED THAT DAY! His bride-to-be is NANCY LARKEY, a high school English teacher and a marathon runner. We wish them many years of happiness together.

Not many boys get the chance to play in a state championship game but this honor came to RICK BOTNICK in the NY state finals. During the year, RICK was the regular goalie for the Vestal High School JV soccer team. Toward the end of the season, he was moved up to the varsity and when the regular varsity goalie was injured, RICK got to play in the title game. Unfortunately, the other team won. RICK is going to England this spring for ten days with the Vestal Whirlwind soccer team. He is also playing lacrosse.

In addition to his karate lessons which he has been taking for several years, MARK BOTNICK played soccer in the fall in the Vestal youth league and basketball during the winter.

A number of our campers travel great distance in order to come to camp. From within the United States - JASON POSTON from California and TERRY BENTLEY and ROBERT COPELAND from Florida. GERRY, GUS and CARLOS ALVAREZ will be coming from Mexico City. PHILIP DAVIS will be returning for his third year from England and FRANCOIS GRUMEL will be returning for his third year but this year instead of traveling from New York City, he will be coming from France. ROBERTO and JOSE SERRANO come from the Dominican Republic while GUS DELFINO and GUS ROOSEN will be traveling from Venezuela. JEAN FRANCOIS LAPOINTE will be joining us for his 2nd year. He lives in Québec. Long distance champions are probably NICK and DAVID JOHNSON who come from Hongkong, JON VANFLEET, a new camper coming from Japan and ADRIAN and STEVEN HADDAD, new campers coming from Nairobi, Kenya. We welcome all of these boys, both old and new campers.

We are happy to welcome to our camp group this year KEVIN BROWN, younger brother of C. MIKE who was a Susquehannock camper for a number of years.

WILL UMPHRED and ROBERT FINLAY, both Wyoming Seminary Day School students, will be joining TOM IMPERIALE at camp this summer.

Welcome to a new group from Harrisburg Academy - JONATHAN RHOADS, RICK LEFEVER and BILL MILES.

A letter from MARK SOLOMON is post-marked Hamden, CT. Since this is near New Haven, we are guessing that MARK is doing graduate work in anthropology at Yale. However, he indicates that he is considering the possibility of leaving the field for a program in wild life, biology and management.

MARK and ERIC SOLOMON had the fun of showing New York City to NURSE BINGHAM and MARGARET BARRY when they visited the "Big Apple."

Susquehannock feels that it has a fine Counselor-in-Training Program. Many of our very best counselors have been trained in this program. Campers who are 17 years of age or who have completed 11th grade are eligible to be 2nd year CIT's. This year, to date, the CIT-2 group will consist of the following:

GUS ALVAREZ	PAGE MURRAY
TOM BARFOOT	BEN ROBINSON
TONY MEYERS	

Campers who are 16 years of age or who have completed 10th grade are eligible to be 1st year CIT's. This year our CIT-1 group will include:

ERIC BLOOM	SCOTT LANDON
RICK BOTNICK	JEFF LOEW
MIKE BOYD	RICH MORRISON
JOSH BYRNE	CHRIS TIMBERLAKE
MARK HEMBREE	DAVE YOUNG

The very beginning year of the program is the Work Crew Program. Boys who are 15 or who have completed 9th grade are eligible to join the Work Crew. The following will be a part of this group:

KEVIN AKINS	DAVID HEAVER
GERRY ALVAREZ	PETER HOLMES
DAVID CHAPNICK	STEVE LOEW
MIKE DAYTON	
DAN GILBERT	

In each step of the Counselor Training Program, there is a reduction in fees and an opportunity for the camper to earn some cash for himself if he exceeds his requirements. If you would like to know more about this program, please contact MR. ED or MR. GEORGE.

Congratulations to MIKE DOSIK whose Bar Mitzvah was April 12th. Both MIKE and PETER, who will be a new camper this summer, have played basketball this winter at the Jewish Community Center. They also have enjoyed skiing at Greek Peak.

TRAVELS WITH GINGIE - MRS. THAT - CHER left Forty-Fort early in February and when she returned home on March 11th, she and her new car had traveled over 3000 miles! Not only did she cover a lot of territory but she saw and spoke with a number of her friends, some from way back when she was a young girl. Among those whom she either saw or spoke to on the telephone were MIKE DOUGHERTY, THE DOANES, THE STEENS, CUNNINGHAMS, HUBERS, SLAGLES and EDSON STRANGE.

Many thanks to our New England correspondent, MRS. FAITH SMITH, for the following news:

NED SMITH was fullback on his junior high soccer team. BEN SMITH played soccer, hockey, and basketball. Their church choir made a record and sister CRICKET joined them, making four out of the five SMITHS singing together. CRICKET is working on her 7th USFA badge down at the Groton School rink where BEAU PETTINOS in goal stopped the Groton JV hockey team cold! MRS. SMITH wrote that he looked terrific!

CHRIS HECKSCHER was through this fall, in a suit disguise. An old camper from Pepper Box, STEVE POTTER, is a sophomore at Groton. NED and MR. SMITH talked to JOSH BYRNE at the Milton-Groton soccer game last fall.

On a trip to Ohio, MRS. SMITH was nearly run off the road outside of Albany by JIM MCDANIEL who is having a hectic and full year of teaching and coaching at Rumsey Hall.

MRS. THATCHER paid the SMITHS a visit. She was driving her brand new car which looked very chic but the dust of Brackney will cure that!

GUSTAVO ALVAREZ writes that GERRY had a collision with a bus but, though badly scared, had only a shoulder injury from the encounter. GUS is not reading enough English books!

LOU CRANDALL graduates from Cornell this spring. DAVID CHAPNICK is at Western Reserve Academy this year. The SMITHS have not heard a word from PETER BARRETT though Rumson, New Jersey is still standing!

BELLRINGER, the SMITH's cat was killed in November but they have adopted an old lady stray whom we'll all meet when the SMITHS come to camp this summer.

Editor's note: Congratulations to MRS. SMITH who had a poem and an essay published this year.

We are very pleased to welcome to our 1980 camp group MIKE ALLEN who is a nephew of CHUCK FARRINGTON who was both a camper and counselor at Susquehannock for many years.

It is always with particular pleasure that we welcome a third generation of a family to Susquehannock. This year we welcome ANDY NEWCOMB, son of JOHN NEWCOMB who became a Junior Camper at age 8 and spent a number of years at camp both as a camper and counselor. ANDY's UNCLE JEFF also attended Susquehannock and ANDY's GREAT UNCLE, DR. JACK MCMASTER was himself a camper for many years and then later was our camp doctor while he was teaching at Temple University Medical School. It was DR. MCMASTER who brought DR. JACK DOANE to camp.

From DAVID HARTZELL - "Dartmouth is going well. I started on the varsity soccer team as halfback. I played Penn at Franklin Field and I ended up covering DAVE WEIGAND. I saw MR. WEIGAND and ANNE after the game. Working hard but so far it has been interesting. It is drab up here with no snow. It certainly has been cold though and near zero every night."

Editor's note: It is a real achievement for any freshman to make a college varsity team. Congratulations DAVE!

BOB FUNNELL, a business major at Lehigh, wrote that he enjoyed watching POLLY SHAFER play for the Princeton JV field hockey team against the Lehigh women's JV. BOB visited Kent during the fall for the alumni soccer game against the Kent varsity. While at Kent, he had a great time visiting with KEVIN HUNDLEY and the PARTRIDGES. CHARLIE SLAGLE surprised BOB when he dropped in on his way to Binghamton. BOB says that he is having a good time at Lehigh but that the work load is heavy. The two years he spent at Kent have proved to be invaluable preparation for college since he ended the first term with a 2.98 average. He played JV soccer and has pledged Alpha Tau Omega Fraternity.

RANDY FORTTRAN is teaching high school in Waverly, NY and is coaching some of the girls' teams.

A letter from MRS. LISA GILBERT was full of news about the GILBERT FAMILY. CINDY is enjoying Franklin & Marshall and sees ALEC SHARP and NEAL REYNOLDS often. BETSY's hockey team won the county championship in the fall and in the winter she was statistician for the girls' basketball team.

It seems that the GILBERTS have an entrepreneur in their family. DAN invested the money he earned on Work Crew last summer in New Zealand white rabbits. He is building up a real business! He builds and sells wire rabbit cages, breeds, raises, butchers and freezes his rabbits and sells the meat and fur. In addition to all this, he is President of Student Council and is now out for track.

BOB SLAGLE started out with a JV basketball team which, on paper, looked to be just average. After losing their first two games, they won 18 straight and were the Harford County JV champions.

MIKE MITCHELL had an outstanding year on the Aberdeen High School basketball team which were the County champions. MIKE is in the enviable position of deciding which scholarship he will accept. Right now, it's between Lehigh and Drexel.

Up until 1970, the camp did not use a food service for its kitchen. From the founding of the camp in 1905 until 1970, we hired our own staff. Almost all of our cooks, kitchen managers and helpers came from southeastern Virginia from an area called King and Queen County. From 1948 until 1970, our kitchen manager was CHARLEY WILLIAMS. CHARLEY was a nephew of JOHN WILLIAMS who was the camp chef and kitchen manager from 1917 until his death in 1948. CHARLEY had been on the staff from the time he went to college, while he was getting his Master's degree from Columbia University, and during his teaching career at King and Queen Central High School. He retired in 1977 after 35 years of teaching, counseling and leading the high school as principal. The county school board, the faculty, the students and the alumni have just dedicated the King and Queen High School athletic field as the CHARLES L. WILLIAMS ATHLETIC FIELD.

CHARLEY and his wife SARAH promised to visit us last summer but were unable to make it. We do hope that they will be able to visit this year. In the meantime, we send to Charley our heartiest congratulations on his accomplishments in education and best wishes for a long and happy retirement!

CAMP IMPROVEMENTS:

1979 - Last year, after Who's Who went to print, work was started on the camp kitchen to make it more efficient not only for the kitchen staff but also the B's and C's. The kitchen was enlarged eliminating some of the crowded conditions which had existed previously. A larger and easier-to-handle dishwasher plus steel tables to be used with it were installed. In order to increase the speed with which food can be prepared, convection ovens were purchased. A second gas griddle was added and this speeded up the time necessary to make a large batch of pancakes, etc. To help the cooks in their meal preparation, a large band saw was purchased. All of these things helped JOHN ANTOLIK and his assistants operate more efficiently.

1981 - Please note that we say 1981. The following improvements have already been started but because of the scope of the jobs, they will not be ready for use until the 1981 camp season. The Junior Camp is going to have a brand new soccer field which will be much larger than the one presently in use. The new field will begin in what is now the horseback riding ring and continue as far out as the Junior camp washstand. You horseback riders are going to have a new ring located closer to the stables and closer to the lake in an area where a farm house once stood. When you arrive at camp, you will be able to see the progress that WINK and his crews have made already.

Editor's Note: My sincere apologies for the lateness of "Who's Who" this year. This is our first experience at publishing it "long distance" since MR. ED is a camp and I am in Vero Beach, Florida. We hope that next year we can get it to you by the first week in April.

THIS AND THAT FROM THE SHAFERS:

CARL SHAFER is enjoying Marine life for the most part but is learning the hard way not to volunteer!

CATHERINE graduates from Gettysburg this spring. She spent January in London for a theater course.

POLLY was high scorer for the Princeton JV hockey team, is now playing paddle tennis and lacrosse, is singing in the church choir and in addition to all this enjoying her studies.

We were sorry to learn that ELIZABETH had a bout with "mono" which curtailed her activities. We hope she is back to normal, has gotten her driver's license and is enjoying life to the fullest!

MARY SHAFER spent part of her spring vacation from Kent School with DEB and BOB SLAGLE at their home in Perryville, MD.

POOR ALLAN SHAFER! WINK and his wife had a trip to Florida in March and it was up to ALLAN to do WINK's chores. One of these chores was shoveling the manure out of the barns. Well, at least you must have developed some more muscles ALLAN!

WIN SHAFER spent the fall and winter in Europe. During the fall, he was a bartender in a London pub. While there he saw DEREK HEATH. WIN, DEREK and the infamous MIKE DOUGHERTY saw a Division I football (soccer) match in which Crystal Palace beat Ipswich 5-2. He also visited JULIAN COTTENDEN at his home near Cambridge where he did some rock climbing, and watched JULIAN play for his town rugby club. RICH HART popped into the pub one night. WIN also had a brief visit with KEENE MILLER.

On a trip to the chilly hills of Scotland in early December, WIN saw ANDREW SUMMERS AND DAVID COOPER. While in St. Andrews the weather was so nice that WIN and DAVE had an opportunity to play golf on that famous course where the sport originated.

After that, it was off to the continent in January where he visited Brussels, Amsterdam, West Germany, Austria, Switzerland and Spain.

MR. ED, MRS. ANNE SHAFER and WIN had the once-in-a-lifetime experience of attending the winter olympics at Lake Placid, NY. True, they had to wait in line in very cold weather for busses, but all three agreed it was worth the discomfort and wait.

Their first tickets were for the Men's Downhill Ski Race held at White Face Mt. Since the finish of the downhill was NOT at the bottom of the mountain, but quite a ways up on a very steep slope, they had to trudge, huffing and puffing, through a foot of snow to reach a spot where they could see some of the action.

They were impressed by two things: 1- the tremendous speed of the skiers, 75 to 80 MPH and 2- the closeness of the race. Only a few seconds separated the first skier from the last.

Getting down was easier - particularly if you sat and slid.

They were fortunate enough to obtain tickets for the USA-Czech hockey game and this game was the highlight of the Olympics for the three of them. They had not dared to hope for an American win - only that they would play a good game. To have them win and by such a large margin was a great thrill. They were great skaters, passed beautifully and checked hard. Our goalie was outstanding. The stands echoed with the chant of "USA."

The next day they headed for Lake Placid and the speed skating. Because of a lengthy bus wait, Beth Heiden was already on the course but they saw Leah Mueller win her silver medal and were thrilled to see Eric Heiden win his first gold medal.

That afternoon they saw the first two competitions in ice dancing.

The next day they were fortunate enough to arrive for the two man bobsled well before it started. The hike up Mount Van Hovenberg was a breeze when compared with the struggle up White Face. They were able to see the start of some of the sleds and then worked their way down the course to see how the drivers maneuvered various parts of the course. The "U" turn called "Shady" and the "S" turn called "Zigzag" were the most exciting. The speeds in the turns were breathtaking.

WIN was lucky enough to see the Finland-Russia hockey game, two periods of the USA-Romania game and the whole of the USA-Norway game.
